“There are undoubtedly a lot of issues on our plate this session, and I’m eager to begin looking at the various proposals to help improve our quality of life. Our work needs to focus on quality, rather than quantity. Our goal shouldn’t be measured on the number of pieces of legislation that pass but on the real value of the ones we put together and move forward.”

"We must demonstrate that state government can effectively operate in the post-Rendell era. The most distinctive demonstration on that commitment will be passage of a budget by the beginning of June. There will be many difficult choices ahead of us to balance the budget, but these can be accomplished with

early and frequent conversations with our constituents."

-Representative Reichley (R) (Lehigh)

"I have sponsored legislation in the past that professionalizes the field of prosthetics, orthotics, pedorthics and orthotic fittings in Pennsylvania by establishing a licensure board overseen by the Pennsylvania State Board of Medicine. The level of skill and technology being incorporated into today's prosthetics demands a certain education level. State certification is crucial to consumers to ensure they are proved with the highest level of services from this profession. "

“This is a challenging time to be apart of the state Legislature, with serious issues ahead, and I am excited to be able to get to work tackling them. One of the most pressing issues is cutting state spending and passing a state budget without a tax increase. Over the long term, I want to bring more transparency to the legislative process so taxpayers can see how their dollars are being spent.”

-Senator Ward (R) (Westmoreland)
